## LETTER

## FROM

## DAVID BELLE

Dear Friends,

2014 was yet another important milestone year for APJ. We met our programmatic expansion goals at both the Academy and Institute and we began laying the groundwork to complete the Academy's final stage of essential growth for construction of Wing IV.

This year, the Academy for Peace and Justice welcomed 2,000 students, all on scholarship and 9th graders had a 95% success rate on Haiti national exams. At Artists Institute, with the recent launch of the new Audio Institute We Are The World division, we completed all final installation and construction of state-of-the-art recording studios and classrooms, and in September 2014 we brought in our second class of students. On the Ciné Institute side of things, graduates helped produce content for over 100 jobs, with top graduates earning 20 times the national average. APJ continues to make real, lasting impact on the ground.

On the international front, we continued important progress on funding. We began the year in New York at the annual Haiti Optimiste show, then moved the following week to Hollywood for our Dominos event. In the spring, back in New York we held our second contemporary art sale and in the summer we celebrated Haiti in the Hamptons before moving up to Toronto for the annual fall gala where Father Rick was our keynote speaker. Thanks to our strategic partner Bovet 1822, 100% of money raised at these events and all public donations goes directly and entirely to our programs in Haiti.

It was a whirlwind year, and we couldn't have done any of it without you. Thank you for your support. Let's keep going.

## LETTER FROM THE HEADMASTER

Dear friends of Artists for Peace and Justice,

My name is Antoine Eddy. We welcomed 2,000 joyful students this year. We are now providing education to grade levels 7-11, who if it weren't for this school would have nowhere else to go. We have come a long way but still have far to go to reach our goal of providing the only free secondary education to students from the poorest slums of Haiti.

Our staff and teachers are working very hard to make sure that each student will never again be left behind and our students are thriving because of you and your support. I want to thank you on behalf of all the students, staff and administration here for your generous and continued support.

We have opened our school in the face of the greatest of challenges. We have sweat and toiled for this beacon of hope and the road has been difficult. Please help us to continue to grow as our students grow, each day discovering the joy and pride that comes with acquiring knowledge, knowledge that will allow them to truly change their world, to endow them with the dignity and the tools to remake and rebuild their country.

With deepest thanks for all you are doing and continue to do for the children of Haiti.

Headmaster Antoine Eddy

# ARTISTS INSTITUTE

# LETTER FROM THE DIRECTOR

Artists Institute is a free college of art and technology in Jacmel. The Institute creates modern opportunities for Haiti's underprivileged youth to foster entrepreneurship and business development in local creative industries.

The Institute is made up of two divisions: Ciné Institute, Haiti's only film school, and Audio Institute: We Are the World School of Music and Audio Engineering. Both divisions offer two-year programs focused on training, professional development and employment services.

Dear Friends,

What a fantastic year at Artists Institute! Our programs continue to flourish because of our exceptional students and their continued dedication to the arts.

With the opening of our new Audio Institute We Are The World division, we welcomed over 100 students to campus for orientation. Our new state-of-the-art recording studio gives our students the opportunity to learn on the equipment they will use in the real world, making them highly competitive in the job market upon graduation. We are thrilled to already be welcoming national and international guests to record in the studio, giving our students an invaluable experience of working hands-on with these professionals.

Ciné Institute continues to be the leader in Haitian cinema, with our graduates being hired to work on the top productions in Haiti and earning 20 times the national average income. This year, our students organized an outdoor projection of their films for the local community and it was a huge success!

We continue to work tirelessly to provide the best possible education for our students and make sure they are equipped to compete in the local and international job market.

Your support makes it possible!

Thank you,  
Paula Hyppolite

# AUDIO INSTITUTE

Audio Institute brings together leaders in audio engineering, music production, and education to train and support young artists, producers, and technicians. Through theory and practice, graduates emerge as highly skilled professionals prepared for modern opportunities in creative industries.

The centerpiece of Audio Institute is a magnificent, professional recording studio, where students receive hands-on experience and artists visit for sessions and collaborations.

Founding seed capital was provided by Quincy Jones' and Lionel Richie's We Are The World Foundation.

# CINÉ INSTITUTE

Ciné Institute brings together leaders in cinema and education to train and support Haiti's budding filmmakers. Equally focused on storytelling and technical training, Cine Institute prepares students for all types of film industry careers.

The Institute creates hundreds of local jobs annually for graduates and community members servicing renowned local and international clients

# HEALTHCARE

As part of our mission to support healthcare for the poorest communities in Haiti, and our commitment to building lasting institutions, APJ supports the St. Luke Family Hospital, providing quality medical care and dignified humanitarian outreach to the poorest, most underserved and vulnerable populations in Port-au-Prince. Services provided by the St. Luke Family Hospital include a modern

surgery facility and emergency room, CT scans, digital x-ray, a high level ICU and rehabilitation unit, professional medical teams, and mobile disaster units.

St. Luke provides long-term employment for 900 Haitians, and serves 120,000 patients every year.

# DIGNITY

Artists for Peace and Justice partners with two independently run programs in Haiti that collectively provide music education to over 1,300 underprivileged young people each year.

Academie Musicale Occide Jeanty provides music education to 120 students per year in Cite Soleil, the poorest slum in the western hemisphere.

Ecole de Musique Dessaix Baptiste, in Jacmel, provides music education to 1,200 students per year and boasts five genres of orchestra.

These programs offer a positive after-school activity all too rare in students' communities, as well as nurture their skills for success - creativity, collaboration, self-discipline, and motivation.

“COMPUTER TRAINING ENABLES OUR STUDENTS TO USE TECHNOLOGY TO IMPROVE LEARNING AND COMPREHENSION, BROADEN THEIR **INTERACTION WITH THE WORLD**, AND TO APPLY THESE SKILLS TO **A RANGE OF TECHNOLOGY JOBS IN HAITI.**”

- EDY ANTOINE, HEADMASTER
